

Dear FCC,

Over the years Klove has become a friend of mine when I needed them most they were there for me at the lowest moments of my life.

I can remember how I came to a crises in one year when I had lost my job and I was divorced, and the biggest loss was the life of my

only son. Just knowing I could call the station or hear their

positive message to the people who listen in to their wonderful

christian music was a blessing to me in helping me make it through the day and

wanting me to carry on.
